

# GATEWAY NORTH OUTFITTERS

Northwestern Ontario's Premier Fly-in Fishing Outfitter

Our guests leave amazed after the  
**Gateway North Outfitters** experience.  
Why wait any longer?

**GNO** 

## Northwestern Ontario's Premier Fly-in Fishing Outfitter

Gateway North Outfitters is owned and operated by Lucas & Nicole Adams. I (Lucas) have been working in the hunting and fishing business for the last 30+ years.

It all started when my parents left Iowa and purchased an American plan fishing lodge located on Yoke Lake. I spent 6 years guiding and helping with the daily operations there. Then I followed them into the fly in outpost business and worked with them for the next 15 years running the office and airbase, as well as doing lots of the maintenance and cabin remodeling.

My wife Nikki (also from Iowa) joined us in the business in the spring of 1996 and has been working the business ever since. We purchased a small camp located on Off Lake in the spring of 2001 and started running our bear hunts and some deer hunts out of the cabins at this time, as well as overnight lodging for L&M Fly In guests.

In the spring of 2004 we purchased our first outpost cabin, a boat in outpost located on Pipestone Lake.

In the spring of 2006 we purchased two fly in outpost cabins located on Grant Lake and Dogfly Lake and continued working for L&M Fly In, as well as running our own operation.

In the spring of 2007, L&M Fly In decided to move their base of operations to Dryden, Ontario. At this time, we decided it was time to separate and let Gateway North Outfitters grow and get our fullest attention.

In the fall of 2009 we found ourselves purchasing another fly in outpost cabin on Sakwite Lake. We had been trying to purchase this outpost for years, and everything finally fell into place. This was a much needed addition as our guests were wanting something new and the demand for an excellent fly in walleye lake was incredible.

The 2011 season brought a couple of new additions for us. In the beginning of the year, we found ourselves purchasing additional BMA's (bear management areas) that adjoined our current hunting area around Clearwater Lake. With this addition, we now control over 500 square miles of prime bear habitat. This is a great addition for those that are looking for a trophy black bear hunt with us. Then in the fall, we decided to purchase another fly in outpost cabin on Fishtrap Lake. Many of our guests were looking for yet another option to fish for walleyes and smallmouth on a remote lake with the only cabin. Fishtrap was the perfect lake to fit the bill.

In 2013 we found ourselves purchasing a couple more fly in outpost cabins to give our guests additional fishing opportunities for excellent walleye, smallmouth bass, and trophy pike. The cabins are located on Highrock and Kinewan Lakes. Both are the only cabins on the lake and are located on the famous Entwine River system.

In 2015 we bought a PA-12 Piper Cub for doing camp checks and we also purchased a twin engine Beech-18 for transporting our guests in and out of the outposts. In the fall of 2015 we purchased 2 more outpost camps. Jones Lake and Otukamamoan (Trout) Lake. Jones Lake offers excellent walleye, smallmouth, and pike. It is the only cabin on over 7,500 acres of water and is located in the Turtle River Provincial Park. Trout Lake also offers excellent walleye, smallmouth, pike, and lake trout with over 13,000 acres of water and over 120 miles of shoreline to explore on the Trout River system.

The fall of 2018 we purchased a Cessna 180 to help keep up with the general maintenance and up keep of the outposts.

The fall of 2019 we purchased an outpost on Eric Lake to give our guests another option for more excellent walleye, pike, and smallmouth fishing. It is the only cabin on the lake and our farthest outpost camp.

## Northwestern Ontario's Premier Fly-in Fishing Outfitter

We are conveniently located 1 hour from the US border, why waste valuable time and money driving further when you could be fishing?

Enjoy some of Northwestern Ontario's best fly in fishing outposts available. We have hand selected some of Ontario's best remote fly in fishing lakes for walleye, smallmouth bass, northern pike, muskie, & lake trout for you to fish and explore.

The lakes that we offer are single cabin water bodies, except for Trout Lake. You won't be fishing with any crowds on these remote lakes.

Our fly in outposts are catch and release and offer excellent fishing for numbers and trophies! An outpost adventure is a great way to experience fantastic fishing and enjoy the trip on your own schedule. Fish as long as you want or sit back and relax, you are the boss.

Enjoy riding in the safety and comfort of a twin engine aircraft. Your safety and comfort are our priority. Be sure to reserve your spot early to ensure the lake and dates of your choice.

Our fly in cabins offer a lot of the modern conveniences of home in a remote setting with excellent fishing. All of our fly in outpost cabins are equipped with large propane barbeques or flat iron griddles, propane fish cookers, Honda generators, full size electric refrigerator/freezer, chest freezer, microwave, electric toaster, electric coffee maker, box fans, fluorescent lighting, additional outlets to charge electronics, hot and cold running water, and showers. The boats are 14' Alumarine & Lund boats with swivel seats and 8 or 9.9 HP Yamaha 4 stroke outboards. There are spare motors at each cabin so you won't lose any fishing time on the water due to breakdowns. There are also fish cleaning buildings at each outpost cabin with running water to clean your day's catch. Satellite telephones are provided for each outpost cabin in case of emergencies or unforeseen problems at no additional charge.

The fishing is great throughout the season and the summer months offer beautiful weather. Imagine being the only cabin on a lake, the possibilities are endless. There is no more relaxing fishing trip than a remote fly in fishing trip. Take a look at what our lakes and cabins have to offer and book your Canadian fishing adventure today!

## Fly-In Outposts – Catch and Release Only

### Kinewan Lake – 52 Miles NE (catch & release)

Walleye, Northern, & Smallmouth Bass – 2 Bedrooms — *Only Cabin on the Lake*

Kinewan Lake is located on the highly productive Entwine River system and is often referred to as a walleye factory. This stained water lake is about 4 miles long and 1 ½ miles wide with lots of bays and islands. The lake has fast water entering and leaving the lake making it a constant producer.

The lake offers fantastic walleye, trophy northern pike, and smallmouth bass fishing. Kinewan offers countless eater sized walleyes with excellent trophy potential. The walleye fishing is second to none. With all the points, reefs, and fast water, finding your walleye hot spot is easy. The lake offers excellent trophy pike fishing in the weedy bays and current areas. If the great walleye and pike fishing is not enough, enjoy catching countless smallmouth bass. They are found on the rocky shorelines, boulder piles, reefs, and in the current areas. Kinewan is a multi species fishing paradise with great trophy potential.

The cabin has a large screened in porch, deck, and gazebo overlooking the lake. It is equipped with hot and cold running water, shower, generator, full sized electric refrigerator/freezer, chest freezer, LED lighting, covered BBQ cooking area, flat iron griddle, fish cooker, microwave, electric toaster, electric coffee maker, box fans, and fish cleaning building with running water.

### Sakwite Lake – 45 Miles NE (catch & release)

Walleye, Northern, Smallmouth Bass, & Lake Trout — *Only Cabin on the Lake*

Sakwite Lake is 4-5 miles long and 1-1/2 miles wide. This stained water lake is located on the famous Trout River system. Sakwite has a large rapids and numerous feeder streams flowing in and out of the lake, making it a constant producer throughout the season.

There are numerous islands, reefs, weed beds and neck down areas to explore. The lake produces excellent walleye, northern pike, smallmouth bass and lake trout. Imagine a lake where you can catch countless smallmouth bass, above average sized walleye with excellent trophy potential, tangle with trophy pike, and jig for unsuspecting lake trout. Look no further, Sakwite Lake has it all!

The cabin is centrally located on a point overlooking the lake with a large deck and gazebo. It is equipped with hot and cold running water, shower, generator, full sized electric refrigerator/freezer, chest freezer, fluorescent lighting, large propane BBQ, fish cooker, microwave, electric toaster, electric coffee maker, box fans, and a fish cleaning building with running water.

### Dogfly Lake – 35 Miles NE (catch & release)

Smallmouth Bass, Northern, & Lake Trout – 2 Bedrooms — *Only Cabin on the Lake*

Dogfly Lake is 6-7 miles long and 1-1/2 miles wide. Dogfly has countless islands, reefs, and weed beds to target for your fishing experience. This lake is a deeper, crystal clear, cold water lake that produces excellent fishing for smallmouth bass, northern pike, and lake trout.

Dogfly is noted for its outstanding numbers and size of smallmouth bass, trophy sized northern pike, and numerous lake trout. The smallmouth bass are found on the many reefs, boulder piles, and rocky shorelines around the lake. You can expect to catch countless smallmouth with all the great structure the lake provides. The lake also offers lots of weed beds and deep points where you can test your tackle on the aggressive trophy pike these waters provide. If you get tired of catching smallmouth and pike, try your luck with lake trout. The lake trout population is excellent and is one of the best trout lakes in the area. These hard fighting fish can easily be caught all season long and are great eating.

The cabin is centrally located on the lake and has a large screened in porch overlooking the lake for your enjoyment after your day on the water. The cabin is equipped with hot and cold running water, shower, generator, full sized electric refrigerator/freezer, chest freezer, LED lighting, covered BBQ cooking area, large propane BBQ, fish cooker, microwave, electric toaster, electric coffee maker, box fans, and fish cleaning building with running water.

## Eat Fresh Fish while at the Lake

### Grant Lake – 37 Miles NE (catch & release)

Smallmouth Bass, Northern, Lake Trout, & Muskie – 2 Bedrooms — *Only Cabin on the Lake*

Grant Lake is 5 miles long and 1/2 - 3/4 miles wide. There is a good flowage of water feeding this deep, crystal clear, cold water lake right behind the cabin. Grant Lake boasts trophy caliber smallmouth bass, above average northern pike, monster muskie and an excellent lake trout population.

The lake has numerous islands, rock reefs and weed beds to target the species of your choice. You never know when that trophy muskie will explode on the hard fighting smallmouth bass you are reeling in. After a morning of catching countless smallmouth and pike, try your luck at jigging the lake trout in one of the deep holes in the lake. There is also a portage lake with a boat and motor waiting for you.

The cabin has a large deck and gazebo overlooking the lake to enjoy the solitude. It is equipped with hot and cold running water, shower, generator, full sized electric refrigerator/freezer, fluorescent lighting, large propane BBQ, fish cooker, microwave, electric toaster, electric coffee maker, box fans, and a fish cleaning building with running water.

### Fishtrap Lake - 50 Miles NE (catch & release)

Walleye, Northern, & Smallmouth Bass - 2 Bedrooms - *Only Cabin on the Lake*

Fishtrap Lake is approximately 3 1/2 - 4 miles long and up to 1 mile wide. This stained water lake is a multi species fishing paradise.

The smallmouth bass are abundant and can be found on the many rock reefs and boulder piles around the lake. The smallmouth provide non stop action on this lake. The northern pike are plentiful and these aggressive fish can be found in the many weed beds and on the deeper rock structure around the lake. The walleye will also be found on the rock reefs and cruising the weed lines around the lake, these fish will run large, not in numbers, numbers of walleye and eater size fish are caught on the portages. Fishtrap is primarily smallmouth and pike with occasional large walleyes caught, numbers of walleye and eaters are on the portages.

The cabin is centrally located on the lake with a large screened in porch, deck, and sand beach. It is equipped with hot and cold running water, shower, generator, full sized electric refrigerator/freezer, chest freezer, fluorescent lighting, covered BBQ cooking area, large propane BBQ, fish cooker, microwave, electric toaster, electric coffee maker, box fans, and a fish cleaning building with running water.

### Highrock Lake - 51 Miles NE (catch & release)

Walleye, Northern, & Smallmouth Bass - 2 Bedrooms - *Only Cabin on the Lake*

Highrock Lake is 3 1/2 - 4 miles long and 1 mile wide located on the highly productive Entwine River system. It is an interesting lake with long narrow bays and boat access to Upper Highrock Lake via a small creek. There is fast water entering and leaving the lake making it a constant producer.

This stained water lake offers exceptional walleye fishing, trophy northern pike, and an abundance of smallmouth bass. The walleye can be found on the many reefs, points, and break lines around the lake. The walleye fishing is great for novice and pro alike. After getting your fill of pike and walleye, enjoy fishing for the smallmouth bass that are hiding in the boulder piles and on the rocky shorelines. This lake is truly a walleye factory and a multi species fishing paradise.

The cabin is centrally located on an island. The cabin has a large screened in porch and gazebo. It is equipped with hot and cold running water, 2 showers, generator, full sized electric refrigerator/freezer, chest freezer, fluorescent lighting, covered BBQ cooking area, flat iron griddle, fish cooker, microwave, electric toaster, electric coffee maker, box fans, and fish cleaning building with running water.

## Jones Lake - 65 miles NE (catch & release)

Walleye, Northern, & Smallmouth Bass - 2 Bedrooms - *Only Cabin on the Lake*

Jones Lake is about 3 miles long and is on the highly productive Turtle River located within the Turtle River Provincial Park. The cabin is located close to a large rapids /river entering the lake and provides access to Eltrut Lake for an almost overwhelming amount of water to explore.

You can expect catching countless walleyes, smallmouth bass, and trophy northern pike in this stained water body. The walleyes can be found in the moving water, reefs, and many weed lines. The smallmouth bass fishing is fantastic with many trophy fish being caught in these same areas. If non stop smallmouth and walleye is not enough, enjoy chasing the monster pike that cruise these waters. This is a trophy pike hunters paradise with all the water and weed beds available. Jones is a popular location with over 7,500 acres of river and lakes to fish that makes fishermen return year after year.

The cabin has a large screened in porch and gazebo overlooking the lake. This is our largest cabin. It is equipped with hot and cold running water, shower, generator, full sized electric refrigerator/freezer, chest freezer, fluorescent lighting, covered BBQ cooking area, flat iron griddle, fish cooker, microwave, electric toaster, electric coffee maker, box fans, and fish cleaning building with running water.

## Eric Lake - 70 miles NE (catch & release)

Walleye, Northern, & Smallmouth Bass - 2 Bedrooms - *Only Cabin on the Lake*

Eric Lake is our farthest outpost camp and is part of the Kenorain River system and is approximately 2 miles long by 1 mile wide. It has multiple feeder streams entering the lake and one flowage exiting making it a constant producer. This shallow stained water lake is highly productive and offers excellent fishing for walleye, northern pike, and smallmouth bass. The lake is most noted for its walleye and pike fishery with smallmouth bass being a bonus.

The walleye fishing is excellent for both size and numbers. They can be caught on the many weed lines, rock points, and reefs on the lake. The pike fishery is fantastic with many trophy pike being caught and released every year with a large average size. These aggressive fish are primarily found in the weed beds around the lake feeding on the unsuspecting walleye. After you get your fill of catching pike and walleye, test your gear on the monster smallmouth bass. The smallmouth bass can be caught on the rocky shorelines, points, and reefs.

The cabin is equipped with hot and cold running water, shower, generator, full sized electric refrigerator/freezer, chest freezer, LED lighting, covered BBQ cooking area, flat iron griddle, fish cooker, microwave, electric toaster, electric coffee maker, box fans, and a fish cleaning building with running water.

## Trout Lake - 45 miles NE (conservation limits)

Walleye, Northern, Smallmouth Bass, & Lake Trout - 2 Bedrooms

Trout Lake (Otukamamoan) is an expansive lake that offers over 13,000 acres of water with over 120 miles of shoreline and located on the famous Trout River with a large rapids/falls entering the lake. The cabin is on an island centrally located on this large and beautiful lake.

Trout Lake offers excellent trophy potential for all species. There are countless islands, reefs and points for chasing trophy walleye and smallmouth bass, numerous weed beds in the bays where the trophy pike are feeding on more walleyes. The lake trout can be caught on the many deep humps in the main basins of the lake. If you are looking for a fly in lake with above average sized fish with exceptional trophy potential and new areas to explore year after year, Trout Lake will not disappoint.

The cabin has a large deck and screened in gazebo overlooking the lake under beautiful mature Red Pines. It is equipped with hot and cold running water, shower, generator, full sized electric refrigerator/freezer, chest freezer, LED lighting, covered BBQ cooking area, flat iron griddle, fish cooker, microwave, electric toaster, electric coffee maker, box fans, and fish cleaning building with running water.
